

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tedious it would actually be to tidy up after a party, without assistance from equipment. Previously, the dirt from upholstery and carpets had to be beat out of them manually; cleaning cloths, brooms, and brushes were the top cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in the year 1906, he began to produce motors so as to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to own an international business marketing merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by one individual because it just weighed 17.5 kilos! This invention came in a time where various cleaning equipment were massive and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; things get filthy and have to be cleaned frequently, without too much effort.

Gradually, the company Nilfisk-Advance developed all through the years. During the the early part of the 1980's the company grew more rapidly when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the industry, aiming to be an active worldwide player in manufacturing professional cleaning machines. Nilfisk-Advance is presently found in all parts of the world due to steadily obtaining lots of smaller businesses to be able to expand their product selection and presence in new markets. They are proud to present a variety of cleaning solutions to suit each requirement.
