

## Electrical Part for Forklifts

Electrical Part for Forklifts - Forklifts may be particularly labeled for use in hazardous sites. A labeled lift truck indicates the design has met the least requirements of ANSI/UL 558 utilized for engine powered forklifts or ANSI/UL 583 for electric lift trucks for the type of label placed.

Applications for marked forklifts may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Consult your local insurance carrier and Fire Marshall for more info about the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been found to meet the outlined standards, the following labels can be put. A marked truck will have the type designation placed on the forklift nameplate and would have one of the following labels put.
