

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each global trade. Transporting industrial goods happens each day on our industrious world. Originally innovated as industrial vehicles in the 1930s in the United States, forklifts gained recognition following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread globally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM began building lift truck manufacturing locations outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures several models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
